If you have time and money to waste, try some of the worthless

imitations—then you'll buy a Nemo. If you want the best shape you ever had, so that you can wear a clinging gown with grace—then you'll surely buy a Nemo.

Millions of women know that the Nemo is not an afterthought, nor a half-afraid infringement, nor a "just-asgood." It is the original and only—the real thing.

No stout woman has ever yet reduced her abdomen, with comfort and perfect safety, by the use of any corset except the Nemo.

are soon absorbed into the blood and distributed to all parts of the system. Then we begin to feel "out of sorts," no appetite or energy, dull headaches, a tired, sleepy feeling, and often "dumb chills" and slight fever show that this insidious disease is affecting the entire health. As the trouble progresses and the blood becomes more deeply polluted, boils and bscesses, sores and ulcers or brown splotches appear on the skin. As Malaria is a blood disease, to cure it requires a blood purifier, and S. S. S. is recognized as the best of blood purifiers. S. S. S. destroys the germs with which the blood is loaded and rids the system of Malaria. It goes down into the circulation and attacks the disease in the right way by 12moving every vestige of the cause and building up the blood from a weak, watery, germ-infected stream to a rich, healthful fluid, nourishing and vitalizing every part of the body by its purity. S. S. tones up every part of the system by its fine tonic effects, and being made entirely of healing, cleansing roots, herbs and barks it is an absolutely safe remedy for young or old.
